"The Store Where Quality Counts"

The woman who has found the secret of Youth has found the secret of Beauty

The woman who has found the secret will tell you this—"Your figure tells your age". Various things contribute to the appearance

of age, but nothing accentuates it half so much as an ill-corseted figure. Stand before the mirror in any one of the many

GOSSARD CORSETS

The Original-Unequaled Front Lacing Corsets

skillfully designed for your figure requirements. See how easily your figure is moulded to ideal proportions: Hips and thighs reduce as if by magic; the back and front lines are the flat, straighter lines of youth; your body is correctly poised and you move without any

feeling of restraint—you walk gracefully and sit gracefully.

The expert advice of our highly trained corsetiers assures you the Gossard best suited to your needs. You can buy a Gossard for as little as \$2.75 up to any price you desire to pay.

MODEL 382. A girder top Corset with elastic band, that offers a delightful freedom. Has a Skirt sufficiently long to confine the hips. Sizes 20 to 30. 4.50

MODEL 574. This Corset has a long skirt, the waist is beautifully indicated, the back flat and of medium height. Comes in pink figured brocade. Sizes 22-36. 7.50

SINN FEINERS SENTENCED.

On Charge of Participating in Forbidden Proceedings.
Dublin, Wednesday, Nov. 12.—The Sinn Fein members of the British House of Commons, who were arrested in the raid of the offices of the Sinn Fein parliament, were arraigned in the police court today on the charge of participating in forbidden proceedings. They refused to recognize the court and each was sentenced to two months' imprisonment.
Among those arrested in the raid were John O'Mahoney, John Hayes and Frank Lawless.

NEW NON-STOP RECORD.

Was Made by NC-4 Flying to Memphis, Tenn.

Washington, D. C., Nov. 13.—Piloted by Lieutenant Commander Read, the naval seaplane NC-4 which made the first trans-Atlantic flight, recently established a new non-stop record for that type of craft when, carrying 12 passengers, it flew from Pensacola, Fla., to Memphis, Tenn., a distance of 355 miles, the secretary of the navy announced today.

Due to head winds a speed of only 56 miles per hour was maintained. The total flying time was nine hours and 33 minutes, about 10 minutes less than the flying time made by the NC-1 on its flight from Punta Delgada to Lisbon in the trans-Atlantic trip.

MONTPELIER

Traction Co. May Put on 5-Cent Fare Inside City as Also in Barre.

The regular city council meeting occurred last evening when the most important matter that came to the council's attention was the request, some nine weeks ago, by the traction company, and which was referred at that time to the franchise committee that has done little work on the matter. F. E. Gleason, attorney for the committee stated to the council that in Barre they were agreeable to the increase to a straight 18-cent fare and one-man car, as he had been given to understand, but that they wanted a schedule that would give more service in Barre streets and that the company would agree to try out for three months a schedule along that line. This would carry with it a reduction from six cents to five cents under certain conditions. He offered shift to Montpelier as coming from Barre, applying the reduction would mean a five-cent fare in Montpelier under certain conditions, which were yet to be worked out. F. M. Corry was asked to address the meeting and he stated that he came at the request of a citizen. He discussed with Mr. Gleason at some length the two sides of the question, from which the council members obtained considerable information. The matter of the proposition of Mr. Gleason will probably be under consideration by the franchise committee, Mr. Corry said he appeared as a friend of the people and the company alike. He hoped that a 15-cent fare would prevail. Mr. Gleason called attention to the increased use of automobiles between Montpelier and Barre. The chief of the fire department will receive added duties, relative to health inspections, by seeing that the buildings are of considerable refuse and make regular reports. The property committee was given authority to repair the floor of the armory. The state grant, which meets here Dec. 9, 10, 11, will be given free use of the city hall, as were the American Legion and Community club. The dust-laying assessment will be levied at a special meeting next Wednesday evening. The placing of certain new electric lights was referred to the lighting committee.

The 25th anniversary of the organization of Montpelier lodge, Knights of Pythias, will be held in Montpelier this evening and the members of the Barre lodge have been extended an invitation to attend. A suitable program has been arranged, and it is expected that some of the state officers will be present. Grand Chancellor N. A. Norton of Lyndonville was here this morning and may be able to remain for the meeting.

Miss Madge Warren of the secretary of state's office is detained at home by illness. Miss Doris Jenkins of Barre has commenced work as clerk in the office during the work on the vital statistics connected with the recent legislation.

Deputy United States Marshal G. F. Lackey accompanied Arthur Taylor of Chelsea to Burlington this morning. Taylor was arrested last spring on the charge of sending unmailed matter through the mails.

Mrs. Charles Baneroff was in Waterbury today attending the funeral of M. O. Evans, a relative.

The four-month-old child of Mr. and Mrs. John Lewis of Burlington died at the home of James Leno during the night. It was found dead in bed this morning death having been due to malnutrition. The authorities in Burlington were consulted regarding the matter. The Leno family came here for a visit. The child slept with three other children in a bed. Delay relative to allowing the undertaker to take the case occurred until cause of death was ascertained by a physician, for it was possible that death might have been due to strangulation by another child throwing an arm over the child's neck. The child had been sickly.

Twenty-nine young women who want to register as nurses in Vermont, commenced this morning taking their examinations before the medical board of registrations for nurses. They will be in session two days. This is not quite so large a class as last spring. The case included Miss Annie Melano of Rutland over whom trouble occurred last week. No objection to her taking the examination has been made and, if there was, probably the board could not recognize it for the law appears to be mandatory in the matter, nothing having been proven against Miss Melano, who has her diplomas showing she is entitled to take the examination. The trouble developed out of a remark made about the American flag.

WILL SEE WILSON TO-DAY.

Prince of Wales Will Make Official Call on Last Day in Washington.

Washington, D. C., Nov. 13.—The prince of Wales, as one of the last acts of his official visit in Washington, will see President Wilson today. He expects to call at the White House for an informal visit with the president and Mrs. Wilson at 5:30 o'clock.

A trip to Mount Vernon by motor at 2:30 o'clock this afternoon was another event on the day's program.

The only formal function arranged was the conferring of decorations on 30 officers and enlisted men of the American army and navy and seven nurses at the Belmont home, the prince's residence here, at 11:30 o'clock this morning.

KILLED BY LANDSLIDE.

Nathaniel E. Parcher of St. George Instantly Killed.

Burlington, Nov. 13.—Nathaniel E. Parcher, representative from St. George in the legislature of 1910 and a contestant for the seat in the last legislature, was killed in front of his son, Scott, and some other men yesterday afternoon in a gravel pit when an avalanche of dirt struck him. Although he was dragged out from under the dirt at once, he was apparently dead and showed no signs of life after that.

Parcher, with several other men, was engaged in drawing gravel from the pit on the Green farm, occupied by Frank Davis, near Shelburne pond on the Hinesburg road. When the accident happened he was standing with his back to the bank from which the gravel was being taken and was a few feet from his team. His son and some other men saw his rescue and drew him out in a brief space of time, but Parcher was unconscious and did not have the appearance of breathing. Dr. H. L. Wilder was called, but by the time he got there his services were not required. The place of the accident is near Shelburne pond.

Mr. Parcher was born in Waterbury, Aug. 8, 1861, and located in St. George in 1901. He is survived by his wife, one daughter, Mrs. Harry Begor, a son, Scott, his mother, Mrs. R. A. Parcher of Burlington, and four sisters, Mrs. A. C. Moulton of Montpelier, Mrs. G. W. Chandler, Mrs. C. J. Benedict and Mrs. G. R. Hodgett, all of Burlington.

ATTEMPTED ASSASSINATION.

Georges Mandel, Clemenceau's Secretary, Was Attacked.

Bordeaux, Nov. 13.—An attempt was made early today to assassinate Georges Mandel, Premier Clemenceau's chief confidential secretary, who is a candidate on the nationalist ticket for the department of Gironde.

At 2 o'clock this morning, as M. Mandel was entering his automobile at the conclusion of a public meeting, his car was surrounded and he and his friends were assaulted with canes and sticks. A revolver shot was fired at M. Mandel, shattering the door of the automobile. Mandel escaped unhurt. His chauffeur started the car at full speed to escape the crowd.
